

EUROPEAN
SPERM·BANK

Help aspiring parents around the world to have the family they dream of!

Get compensated for your time – up to DKK 6,000 a month

You'll get to be one of the heroes who give the ultimate gift to others – the opportunity to have the child they've been longing for. You'll get up to DKK 500 (incl. compensation for blood tests, physical examination, etc.) for each donation of sperm that gets approved, up to a maximum of DKK 6,000 a month – including a subscription to Fitness World.

What's in it for you if you become a donor for the European Sperm Bank?

- It's flexible. You get to decide where and when you want to donate, and there's no need to book an appointment.
- Ongoing health checks and a sperm analysis.
- Free storage for your sperm once you have been donating for a year – just in case you get sick sometime in the future.

Who are we looking for?

You need to be a healthy man between the ages of 18 and 45. We're not bothered about your education, appearance, ethnicity or religion.

Information:

Read more and apply at the button at the top of this post or at [Blivsæddonor.dk](https://blivsæddonor.dk)

About the European Sperm Bank:

We help women and couples all over the world have the family they dream of. We're an international company founded in Denmark in 2004. Our head office is in Nørrebro in Copenhagen and we also have branches in Aalborg, Aarhus, central Copenhagen, Lyngby, London, Hamburg and Amsterdam.

Location:

You can donate at central locations in Aarhus, Aalborg, Lyngby and Copenhagen.

Application deadline:

We're always looking for new donors and look forward to hearing from you.
